

Volunteer Roanoke Valley Member Services

In addition to mobilizing a pool of energetic, talented volunteers, Volunteer Roanoke Valley also strengthens the infrastructure of volunteerism by working with local agencies that utilize volunteers.

Volunteer Roanoke Valley works with local non-profit organizations to help them utilize the time and talent of volunteers in the most efficient and affective way possible. Such organizations are invited and encouraged to become affiliate members of Volunteer Roanoke Valley. These agencies receive an enhanced level of service, including stronger support in volunteer recruitment and management services.

A summary of the services available to affiliate and non-affiliate members follows.
